

A warm, cozy winter scene. In the background, a fireplace with a roaring fire. In the foreground, two dark mugs sit on a wooden surface next to a thick, textured blanket. A semi-transparent white rectangle is centered over the image, containing the text 'Stay Warm' in a cursive font, with a red scarf graphic integrated into the letter 'W'.

*Stay
Warm*

How it works

Automatically turns boiler on if someone is coming home in 30 min or less.

Heat is turned automatically on from 8pm to 8am on first floor (21°C)

If you wish to set a specific temperature for when you're coming home: set it through your app

Heat is turned automatically on from 8am to 8pm on ground floor (23°C)

Set a threshold on how much you want to spend: if you exceed it you'll receive a notification from the app.

What you will need

In your home

- Our boiler
- Thermostats in every room

With you

- StayWarm app with access to GPS info
